

Rubber Coated Steel Core Hammer Dollies

Reduces the amount of stretch created while striking. Rubber coating is less aggressive on material being shaped. A must-have for aluminum shaping and repair. Great for minor paintless dent repair.

2pc Rubber Heel Dolly Set AES-12-K-240

2pc Heel and stretch dolly set. Includes 1 each of the dollies listed below.

HANG-UP CARD

Rubber Universal Railroad Dolly AES-241-04

Several crowned working surfaces. Two beading and flange lips. Great general purpose dolly.

HANG-UP CARD

1.5lb

Specifications

Dimensions: 3"(L) x 3"(W) x 2.6" (H)

Rubber Toe Dolly AES-241-07

Great for flat surfaces. Works well on thin sheet metal. Compare to a stretch heel dolly.

HANG-UP CARD

1.5lb

Specifications

Dimensions: 4.75"(L) x 2.4"(W) x 1.25" (H)

Rubber Heel Dolly AES-12-K-241

Works easily in sharp corners and wide radii. Ideal for door skin work.

HANG-UP CARD

1.0lb

Specifications

Dimensions: 2.5"(L) x 3"(W) x 1.5" (H)

Rubber Comma Dolly AES-241-05

Long Slender general purpose dolly. Useful for working behind reinforcements.

HANG-UP CARD

1.5lb

Specifications

Dimensions: 5.4"(L) x 2.5"(W) x 2" (H)

Rubber Crown Dolly AES-241-08

Crown shape design provides several useful striking angles.

HANG-UP CARD

1.0lb

Specifications

Dimensions: 3.5"(L) x 2.5"(W) x 1.75" (H)

Rubber Stretch Heel Dolly AES-12-K-242

Works easily in sharp corners and wide radii. Ideal for door skin work.

HANG-UP CARD

1.5lb

Specifications

Dimensions: 5"(L) x 3"(W) x 1.5" (H)

Rubber Shrinking Toe Dolly AES-241-06

Toe dolly shape with serrated face. Special serrated face allows for shrinking metal stretched by dents.

HANG-UP CARD

1.5lb

Specifications

Dimensions: 4.75"(L) x 2.4"(W) x 1.25" (H)

Steel Hammer Dollies

Forged from heat-treated fine alloy steel and polished to a quality professional mirror finish.

Universal Railroad Dolly AES-105

Several crowned working surfaces. Two beading and flange lips. Great general purpose dolly.

INDIVIDUALLY BAGGED

2.7lb

Heel Dolly AES-107

Reaches into sharp corners. Use on panels with large radii.

INDIVIDUALLY BAGGED

2.0lb

Toe Dolly AES-108

For shrinking and dinging flat panels and repairing flanges.

INDIVIDUALLY BAGGED

2.9lb

Comma Dolly AES-112

Use the long thin lip behind reinforcements and on brackets and braces.

INDIVIDUALLY BAGGED

2.9lb
