

Locking Extensions

SureGrip® Lock for Safety

New through lock, solid body design significantly improves strength. The SureGrip® lock grabs each socket and doesn't let go. This eliminates the problem of sockets remaining stuck to a fastener (usually in a hard-to-reach location), or sockets being dropped when the tool is removed from a tight compartment. With the SureGrip® lock, you can count on optimal tool control and peace of mind.

1/4" Drive Locking Extensions
