

# MODEL NO. PL3740

# PRO-LOGIX 12V WHEELED BATTERY CHARGER 40/15/5A – WITH POWER MODE + ENGINE START

PRODUCT SHEET

## FEATURES:

- Analog Knob Controls
- Timed charge routines
- Automatic Charge Mode
- Manual / Timed Charge Mode
- Multi-Phase Process
- Polarity Protection
- Stable Power Mode
- Engine Start Assistance

**PRO-LOGIX** battery chargers are designed to provide continuous operation in a wide variety of professional/industrial battery service environments. Advanced charging logic, robust components, quick set-up and smart display feedback mean effective and efficient charging for your operation.

### INTELLIGENT

**SOLAR** PRO-LOGIX automatic battery chargers utilize an advanced charging algorithm for an optimal charge every time. The PRO-LOGIX process results in improved battery condition and restored reserve capacity. Plus, it offers the ability to service and recover compromised batteries, including the ability to charge a totally dead battery.

### VERSATILE

The PL3740 delivers versatile functionality, with automatic charge routines plus timed charge routines similar to traditional manual charging. Plus, it adds 225A Engine Starting Assistance and Stable Power Mode functions to provide versatile service in busy shops.

### PL3740 POWER OUTPUT

12V CHARGING	40/15/5A
12V STABLE POWER MODE	0-40A ON DEMAND
12V ENGINE START	225A

Properly Services all Battery Types.
