

Garden and Lead-in Hose Assemblies

Flexzilla® Garden Hose was engineered with a lightweight Flexible Hybrid Polymer to lie flat and eliminate kinking under pressure. It redefines flexibility, making it easy to maneuver around trees, bushes or other obstacles. Zero memory means your sprinkler stays put without twisting. And Flexzilla Garden Hose doesn't fight you when you coil it. Plus, with our superior O-ring, you get a long-term, leak-free connection at the spigot. The Flexible Hybrid Polymer inner tube material is drinking water safe.
