

12 V Lithium-Ion PowerLuber

The 12-volt, lithium-ion PowerLuber was developed to simplify and speed up the lubrication process, making it easier for operators to properly maintain equipment. Featuring an updated powertrain, handle design and enhanced features, this grease gun is suitable for agricultural, automotive, construction, general maintenance and industrial applications.

The PowerLuber's three-point base keeps the tool upright and stable without being bulky. This feature allows access to tight areas and reduces operator fatigue when lubricating. Also, the tool has a convenient, built-in light emitting diode (LED) to illuminate the work area.

Make quick work of lubrication tasks

Designed to minimize the burden of manual lubrication, the 12-volt, lithium-ion PowerLuber is a problem solver that provides operator convenience. This high-quality tool can open stuck fittings that otherwise would require replacement if using a manual grease gun.

Advantages:

- Lithium-ion battery for maximum power and efficiency
- Cordless lubrication for operator convenience
- Provides effortless, uniform lubricant delivery
- Narrower tool fits in tight areas
- Engineered for long service life
- Ergonomic design is balanced, lighter-weight and comfortable to grip
- Delivers grease at up to 8,000 psi (551 bar)

12 V PowerLuber models

Model 1260	12 V lithium-ion PowerLuber
Model 1262	Single battery unit with charger and carrying case
Model 1264	Dual battery unit with charger and carrying case
Model 1261	12 V lithium-ion battery
Model 1870	AC charger for 12 to 20 V lithium-ion battery
