

Sav-A-Thread® Spark Plug Repair Kits

Part No. 5396-14

This M14 Kit is typically used in 4.6 and 5.4 liter Ford® engines. Product offers the highest quality and most durable repair available. Remove the head before installation to ensure chips do not enter the cylinder.

Kit includes:

- piloted reamer
- steel installation tool
- expanding tool
- 12 inserts.

(Refill package R5326-14E is available; includes 6 inserts)

Part No. 5396-16

This M16 kit is specifically designed for Ford® 4.6 and 5.4 liter – 3 Valve engines. For repair on ports containing Autolite® HT and Morocraft® Platinum PZT spark plugs.

Kit includes:

- piloted reamer
- steel installation tool
- expanding tool
- 12 inserts.

(Refill package R5326-16E is available; includes 6 inserts)

Head Bolt Thread Repair Kit – Part No. 1130

The Metric Head Bolt Kit is typically used in 4.0 and 4.2 liter GM® engines including Cadillac® as well as many other imports such as Honda® and Toyota®. The 1130 product will permanently restore stripped head bolts, has an extended reach for easy installation and a stop collar to control the installation depth.

The Kit contains:

- High speed steel drill bit
- High speed steel tap
- 12 Heli-Coil stainless steel inserts

Oxygen Sensor Thread Repair Kit – Part No. 4833

Quickly and permanently restore damaged M18 x 1.5 oxygen sensor threads in exhaust manifolds with this kit. No drilling is necessary with the piloted reamer tap, resulting in perfect alignment of the new tapped hole. Corrosion resistant stainless steel inserts improve future serviceability. This application is easy to use, works in minutes, and eliminates exhaust manifold replacement. Perfect for the professional engine rebuilder and the do-it-yourselfer.

Custom Kits

Custom application kits round out the complete line of Heli-Coil Thread Repair Kits. They are recommended by both domestic and foreign automakers and include kits for carburetors, various heavy duty applications, and several specially-designed repairs for a number of Volkswagen models.

All kits contain a Heli-Coil tap, installation tool, a quantity of inserts, and detailed instructions. The American Bosch kit and Detroit Diesel kit also include high speed steel drill bits.

Motorcycle Kits

Heli-Coil offers a complete range of kits and sets for the repair of damaged threads on motorcycles. The Heli-Coil Motorcycle Thread Repair Set contains M6, M8 and M10 sizes. Two lengths of M10 inserts are available: 15mm for most repairs and 25mm for head bolt repairs.

Also available are special sizes for specific Harley Davidson applications. All kits come with tap, installation tool, a quantity of inserts and complete instructions.
