

# Tradesman 1780A Vise, 8" Jaw Width, 6-3/4" Jaw Opening, 4-3/4" Throat Depth

Product Images

---

## Description

The Tradesman round channel vise is designed to handle the most demanding clamping applications. Unlike

most vises that have a fixed center nut the Tradesman round channel vise nut is anchored at the rear which provides straight line pull and even pressure resulting in greater durability. The round channel design also allows for a completely enclosed spindle and nut assembly keeping debris out and lubrication in for a lifetime of smooth operation. For ultimate versatility, the Tradesman vise is equipped with main jaws, pipe jaws and a machined anvil work surface.

## Additional Information

---

Stock Number	28808
Jaw Depth (In.)	5/8
Jaw Height (In.)	1
Jaw Width (In.)	8
Number of Mounting Points	4
Opening Capacity Max (In.)	6-3/4
Prop 65	Cancer
Throat Depth (In.)	4-3/4
Type of Base	360 Degree Swivel
