PSA AND NORGRIP BACK-UP PADS  
FOR RANDOM ORBITAL SANDERS

## Improved to Provide Optimal Performance!

Norton PSA and NorGrip back-up pads have been upgraded to provide optimal performance on all makes and models of dual action/random orbital sanders. They are available in two shapes and densities to meet all application and finish requirements.

These new PSA and NorGrip back-up pads are available in 3", 5" and 6" diameters with standard 5/16-24 threaded spindles, in plain as well as the most common vacuum hole configurations for vacuum sanding with dual action/random orbital sanders.

All these back-up pads come pre-packaged with two spacers that allow them to fit all brands of dual action sanders.

Easily displayed. Sell with discs for peak disc performance. PSA pads have pressure-sensitive adhesive faces. NorGrip pads have hook and loop faces.

## FEATURES AND BENEFITS

- Individual clam shell packaging provides better protection of pad, pad face, threaded spindle, and spacers
- Individually spin balanced for better control and performance on all tools
- Chamfered pad edge eliminates sharp edges that could cause swirl marks
- Full coverage printed blotter contains RPM, diameter, part number, scannable bar code and complete product description

### SOFT DENSITY, LOW PROFILE PADS

White in color with soft thicker foam for medium to fine grit sanding with 320 grit and finer discs on flat and contoured surfaces. Ideal when flat uniform contact of the abrasive disc and work piece is essential to that perfect finish. 12,000 RPM

### MEDIUM DENSITY, LOW PROFILE PADS

These yellow-colored pads are designed for coarse to medium grit sanding (thinner foam and harder edge) for disc grit sizes 280 and coarser. Ideal when flat uniform contact of the abrasive disc and work piece is essential to that perfect finish. 15,000 RPM

### MEDIUM DENSITY, TAPERED EDGE PADS

As the name implies, these pads have a long tapered flexible edge and are designed for coarse to medium grit disc sanding, 320 grit and coarser. Use a tapered edge pad to excel where conformance to small contours or sanding inside corners is required. 15,000 RPM

## AVAILABILITY

PART NUMBER	DIAMETER	DESCRIPTION	RPM	QTY/PK	PKS/CASE
63642506128	3"	Soft NorGrip Low Profile	12,000	1	10
63642506126	5"	Soft PSA Low Profile	12,000	1	5
63642506131	5"	Medium PSA Low Profile	15,000	1	5
63642506129	5"	Soft NorGrip Low Profile	12,000	1	5
63642506135	5"	Medium NorGrip Low Profile	15,000	1	5
63642506139	5"	Medium PSA Tapered Edge	15,000	1	5
63642506143	5"	Medium NorGrip Tapered Edge	15,000	1	5
63652506127	6"	Soft PSA Low Profile	12,000	1	5
63642506133	6"	Medium PSA Low Profile	15,000	1	5
63642506130	6"	Soft NorGrip Low Profile	12,000	1	5
63642506137	6"	Medium NorGrip Low Profile	15,000	1	5
63642506141	6"	Medium PSA Tapered Edge	15,000	1	5
63642506145	6"	Medium NorGrip Tapered Edge	15,000	1	5
63642506132	5" x 5 hole	Medium PSA Low Profile – Vacuum	15,000	1	5
63642506136	5" x 5 hole	Medium NorGrip Low Profile – Vacuum	15,000	1	5
63642506140	5" x 5 hole	Medium PSA Tapered Edge – Vacuum	15,000	1	5
63642506144	5" x 5 hole	Medium NorGrip Tapered Edge – Vacuum	15,000	1	5
63642506134	6" x 6 hole	Medium PSA Low Profile – Vacuum	15,000	1	5
63642506138	6" x 6 hole	Medium NorGrip Low Profile – Vacuum	15,000	1	5
63642506142	6" x 6 hole	Medium PSA Tapered Edge – Vacuum	15,000	1	5
63642506146	6" x 6 hole	Medium NorGrip Tapered Edge – Vacuum	15,000	1	5
