

# 7100 LV Primer Surfacer/Sealer

## Creates a strong, smooth underlayer with great holdout

7100 LV Primer Surfacer/Sealer is a low-VOC, high solids surfacer and sealer that offers total versatility and simplicity. Compliant for use in all of North America, it comes in black and white, giving you the ability to achieve any grey shade you need for the job.

Depending on the mix ratio, 7100 LV Primer Surfacer/Sealer can be used as a high-build sanding surfacer or wet-on-wet primer sealer. It provides exceptional coverage along with easy blending and sanding, enabling a smooth, stable surface with terrific holdout.

- Approved for all North American markets
- Achieves multiple grey shades for a precise color match
- Quick drying
- Easy sanding and blending
