

CTA #1945

8 PC. BRAKE BLEEDER WRENCH SET

This 8 Pc. Brake Bleeder Wrench Set features the widest range of bleeder wrenches: 3/8", 7mm, 8mm, 9mm, 10mm, 11mm & 12mm. These wrenches are specially designed with a sealing ring inside the working end for a secure seal of the bleeding nut. This allows you to seal the bleeder valve and tighten or loosen the valves without breaking the seal.

(All bleeder wrenches can be purchased individually)
