All ratchets are packaged on a display hanger.

DUO

No. 9506WH 1/4" Drive Spinner Handle with Wobble Drive

This hand tool's wobble drive allows up to 15° of deflection for access to tight areas. Its unique design also allows the socket to be locked straight for normal use. Features a friction ball retaining device and female drive in the handle where a ratchet can be used for extra leverage.

Item Number	Drive Size	Handle Length
9506WH	1/4"	5.9"
