198382 SATA design set with SATAmijet 4400 B HVLP nozzle 1.0 (state nozzle size)

Reusable QCC PVC and aluminum cups sold separately. Uses std QCC cups, no adapter required

Spray fan comparison

SATAmijet 4400 B HVLP
Standard nozzle / SR nozzle

SATAmijet 4400 B RP
Standard nozzle / SR nozzle

SR nozzle especially for Spot Repair applications

- Lower risk of creating bright edges
- Allows application of very thin layers of paint
