

COOLSEAL™ A/C LEAK SEALER

Seals leaks in condensers, evaporators, accumulators, O-rings and hoses — quickly and permanently. Compatible with all popular refrigerants, including R-1234yf*. Non-polymer, oil-soluble formula is safe for A/C system components and recovery equipment.

*Not for use in hybrid vehicles with electrically driven A/C compressors.

NOTE: R-1234yf systems require TP9831 adapter
