

SuperAssilex

FLEXIBLE SANDING SYSTEM

The World's Most Advanced DRY Sanding System...

Super Assilex features Fast and Uniform coverage with extremely shallow scratches, resulting from the combination of an Ultra Flexible bonding and Super Sharp abrasives. **Ideal for light sanding on all types of surfaces** that demand **shallow scratches** and a **uniform finish** that can still be done in the **shortest time**.

PREP SANDING

Fast cutting with highly uniform coverage, leaves no unsanded areas.

BLENDING

Extremely shallow scratch pattern, greatly reduces chance of over-sanding.

SCUFFING

Flexible contact, ideal for basecoat and all kinds of light scuffing. Removes wax, dirt and dust.

Reduce your production time by 50% or more with Super Assilex

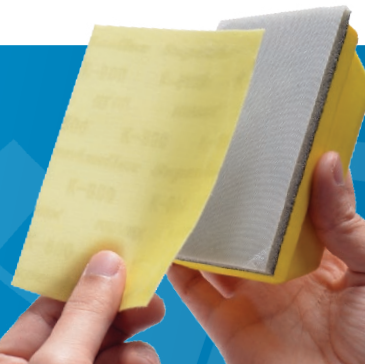

Because Super Assilex cuts fast while finishing finer, you can reduce the number of sanding stages needed. Improving your workflow means reduced labor cost.

SPEED OF DRY
FINISH LIKE WET

THE TOTAL DRY SYSTEM

Super Assilex, like all Eagle Hi-Tech products, is a totally dry sanding solution that utilizes a state-of-the-art **anti-clogging** agent. This means **greater flexibility** and **easier progress monitoring**. The anti-clogging layer extends the working life of Super Assilex even beyond conventional wet-sanding paper.

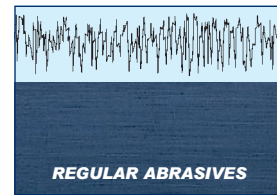

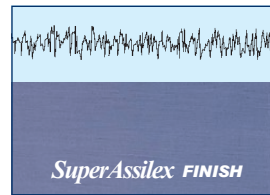

SUPER-TACK = Hook & Loop

SPEED OF A FASTER GRIT, FINISH OF A FINER GRIT

- **FLEXIBLE BONDING** results in extremely **Shallow Scratches**
- **ULTRASHARP ABRASIVES** results in **Faster Cutting**
- **ROLLER COATING PROCESS** results in a **Uniform Finish**
- **ANTI-CLOGGING AGENT** results in a **Total Dry Application**

When compared to equivalent grit abrasive papers, Super Assilex not only delivers a shallower scratch pattern, but also one that is more uniform.
