

STREAMLIGHT WAYPOINT SERIES

WAYPOINT®

This long-distance, pistol-grip lantern is the light you need to inspect a power line from the ground, find a dock from the interior of a lake or to see whatever is way up ahead. Its beam reaches about the length of 6 football fields! It also has plenty of peripheral light, so you can see what's all around you. Set it down to illuminate an entire area or aim it to check on trees or power lines far away. Features 3 modes including a strobe for signaling.
